Chefs understand presentation is paramount, and demand perfection and precision when plating. Mercer's new collection of Stainless Steel Plating Tools is designed for chefs to achieve incredible presentations with maximum efficiency. The line consists of three types of plating tongs in different lengths and styles, and three types of plating spoons in different capacities and styles. Expand your creativity with the Mercer Plating Collection.

PRECISION TONGS

This collection of 18-8 Stainless Steel Plating Tongs is designed to allow chefs to place any kind of small or delicate food precisely where they want and avoid damaging the food product. Multiple styles (offset, curved tip, and straight) and sizes are available to handle almost any application. Packed 12 per carton.

- Strategically placed micro-serrations on outside of tong for improved stability
- Inside of tong tips are serrated for better grip on food
