Chemical Sanitizing
Single Rack
Dishwasher

CORNER MODEL

FEATURES:

- 40 racks / 160 covers per hour.
- Economical to operate. Uses only 1.25 gallons of water per cycle.
- All heavy duty 304 stainless steel construction assures long life and years of trouble free operation.
- Top mounted controls include built-in chemical pumps and deliming system that assures proper chemical usage.
- Power Drain saves space, eliminates noisy solenoid and external sump. Drains quickly.
- Available for straight or corner applications.
- Integrated scrap tray prevents food soil from entering drain system.
- Auto start/stop makes operation safe and easy.
- Unique sanitizing system provides instant sanitation and eliminates chlorine damage to the machine.

Power drain saves space, eliminates noisy solenoid and external sump. Drains quickly.

Self cleaning pump screen eliminates operator error. Saves service calls.

Unique sanitizing system sanitizer injector is located close to pump, allowing sanitizing to take place immediately. Strategic location eliminates chlorine damage to the machine.

Built-in "Poly Pro™" scrap accumulator.
