

# Ultra Patio Heater

By

**Materials That Last.** To insure a rust-free product, that stands up in the most severe weather, our heaters are fabricated with stainless steel and aluminum. The tough durable color finish is electrostatically applied over an aluminum base metal. .. this means rust-free longevity. Other brand heaters use common mild steel base and paint. When it chips or scuffs rusting begins!

*Perfect for outdoor use in restaurants, country clubs, catered parties and many other occasions.*

Hunter Green

Bronze Tone

Royal Blue

White Fleck

Also available in Stainless Steel and Black

*Rankin-Delux uses solid stainless steel bolts for assembly, insuring a strong rust-free product in even the smallest parts!*

*The Ultra Patio heater comes with a life-time guarantee\* against rust on the body, stainless steel panels and the base.*
